SHE'S THE NIECE OF RICHARD HARRIS, GIRLFRIEND OF CHRIS MARTIN AND NOW A HOT HOLLYWOOD NAME. THE STAR OF *PEAKY BLINDERS*, *X-MEN* AND *KING ARTHUR* SHARES HER FAVOURITE HOTELS WITH FRANCESCA BABB

THE CARLYLE, A ROSEWOOD HOTEL NEW YORK

'I love it: the opulence, the views. I mean, Woody Allen plays here every week – you can't get more New York than that! It's every classic film you ever saw; those princess moments where you walk into a suite and see the skyline out the window.' rosewoodhotels.com. Doubles from £440

POST RANCH INN CALIFORNIA

'This is the most romantic hotel on earth. You have to be careful as you could create a baby just by looking at any man who walks past. It's for people who are way cooler than me. They're all like, "I come here all the time", and I'm thinking, "Wow, they let me in!"' postranchinn.com. Doubles from about £770

&BEYOND MNEMBA ISLAND TANZANIA

'This place is pure castaway *Robinson Crusoe*. In my head I've been shipwrecked and nobody can find me. It's got this feeling of isolation and stillness. The electricity only works during the day, so at night it's all candlelit and stripped back. It has become harder to lose yourself in the world, and it's important to discover hideaways like this where you can do just that.' andbeyond.com. Doubles from about £1,000 per person full board

'ORDER ROOM SERVICE AT THE CARLYLE AND EVEN BURGERS AND MILKSHAKES COME ON SILVER TRAYS'

CASAS NA AREIA PORTUGAL

'The whole town of Comporta is made up of fishermen's huts, and a lot of them have been converted into little places to stay. This one doesn't even have floors – just sand – and it's so cool, as if you never leave the beach but still have all the comforts of a smart hotel. All my friends come here in summer, so I know when I walk down to the beach everyone will be there.' casasnaareia.com. Doubles from about £500

Annabelle Wallis stars in 'The Mummy', released on 9 June

GOVERNORS' CAMP KENYA

'I need to have adventures on my holidays, and I once got chased by a hippo and a bull elephant here. The lodge is tented but feels very current yet also old-world, like something from *Out of Africa* with roll-top baths and hot showers. Elephants walk through the camp at night, and you eat under the stars with the sound of hippos in the lake below. As with most places I love, it also supports local communities so you can see where your money is going.' governorscamp.com. Doubles from about £220
